

## **Poudre River 2015 OMer Recipients**

### **Lesher Middle School – Pandora’s Box – Div II**

*Nomination by Coaches Tom Heynemann & Sue Lorimor*

One of the team members playing a principal role was hospitalized just before the tournament. The team re-wrote their script, re-assigned several roles, and managed to create their new solution all in the last two days. No role remained the same. They showed adaptability, discipline, and an indomitable can-do spirit!

### **Larimer Humane Society – Pandora’s Box – Div II**

*Nomination by Team Parents & Regional Director, Catherine Pawlikowski*

After finishing Division I, this team was eager to continue their Odyssey adventures at the Middle School level. The team worked to promote Odyssey of the Mind at their school in many ways. Two team members worked on a tight deadline to prepare information, have it approved by school administration, and present at a school open house. The team went through ups and downs and rallied to find a community sponsorship for this year. Their dedication to the program is admired and I have no doubt they will help grow our Division II base. Thanks for going above and beyond to promote Odyssey of the Mind!
